

## Women in History Month

March is Women in History Month. To celebrate, you will write a 2 paragraph paper on a famous, female mathematician. The cover should contain your name and period, as well as the name of your female mathematician and a picture of her.

Attached to this is a list of famous women in math. Choose one woman and answer the questions below to help form your two paragraph paper.

Date of birth and death (if deceased)

City and state/country of birth and upbringing

What she did for a living

Identify one or more of her important contributions to the field of Mathematics

Describe her family: was she married, did she have any children, did she have any siblings, etc.

Describe her educational background: schools attended, awards received, degrees earned, etc.

Any other information you feel is important to tell me about

**DUE DATE:** Wednesday, March 31<sup>st</sup> !!!!!!!
